Danesh Kimia Pharmed ( DAKPHA ) pharmaceutical Group was established on 2011 to invest on the production of APIs, Intermediate's and Finished Dosage Forms (FDFs) of new generation of medicines. This Company is known as the pioneer generic producer for new entities and ready to use pharmaceutical formulations.

◆ Alborz Pharmed Pharmaceutical Co.

Generic Name	API/DMF/PMF	Finished Dosage Form/CTD
<b>APIs</b>		
Codeine monohydrate base	Available	-----
Codeine phosphate ½ H2o	Available	-----
Noscapine base	Available	-----
Noscapine crude	Available	-----
Noscapine hydrochloride	Available	-----
Oxycodone hydrochloride	Available	Lenitone ER(10 , 20 , 40 )mg
Oxycodone-acetaminophen	Available	Lenitone Plus(10/325 , 5/325 )mg
Opium tincture	Available	Opium Tincture 1% & 2%
Dapagliflozin propanediol	Available	-----
Empagliflozin	Available	-----
Acyclovir	Available	-----
Apixaban	Available	-----
Carvedilol	Available	-----
Ivacaftor	Available	-----
Naloxone hydrochloride	Available	-----
<b>Intermediate</b>		
Noroxymorphone base	Available	-----
Noroxymorphone hydrochloride	Available	-----
Oxycodone base	Available	-----
<b>Pipeline</b>		
Buprenorphine base	-----	-----
Buprenorphine hydrochloride	-----	-----
Naltrexone hydrochloride	-----	-----
Sacubitril valsartan	-----	-----
Ivabradine	-----	-----
Linagliptin	-----	-----
Sugammadex	-----	-----

◆ Baran Chemical & Pharmaceutical Co.

Generic Name	API/DMF/PMF	Finished Dosage Form/CTD
<b>APIs</b>		
Capecitabine	Available	Oncocap500mg
Nilotinib hydrochloride monohydrate	Available	Banolib 150 &200 mg
Sorafenib tosylate	Available	Nexofenib 200 mg
Imatinib mesylate	Available	Matinab 100 mg
Sunitinib malate	Available	Baratent 25 & 50 mg
Regorafenib monohydrate	Available	Regafib 40 mg
Crizotinib	Available	Xalbanib 250 mg
Palbociclib	Available	Palborin 75, 100, 125 mg
Tofacitinib citrate	Available	-----
Baricitinib	Available	-----

.....  
 .....  
 .....  
 .....  
 .....  
 .....  
 .....

◆ Hekmat Medicinal Chemistry Development

Generic Name	API/DMF/PMF	Finished Dosage Form/CTD
<b>Intermediates</b>		
Ivacaftor intermediate	Available	-----
Regorafenib intermediate	Available	-----
Afatinib intermediate	Available	-----
Sunitinib intermediate	Available	-----
Tofacitinib intermediate	Available	-----
<b>Pipeline</b>		
Lumacaftor intermediate	Available	-----
Osimertinib intermediate	Available	-----

◆ Mehrad daruye khavarmianeh  
Chemical & Pharmaceutical Co.

Generic Name	API/DMF/PMF	Finished Dosage Form/CTD
<b>APIs</b>		
Apremilast	Available	-----
Anagrelide	Available	-----
Molnupiravir	Available	-----
Cysteamine bitartrate	Available	-----

◆ Nikan Exir Bakhtar Pharmaceutical Co.

Generic Name	API/DMF/PMF	Finished Dosage Form/CTD
<b>APIs</b>		
Pramipexole dihydrochloride monohydrate	Available	-----
Donepezil hydrochloride	Available	-----
Duloxetine hydrochloride	Available	-----
Imiquimod	Available	-----
Olanzapine	Available	-----
<b>Pipeline</b>		
Atomoxetine hydrochloride	-----	-----
Risdiplam	-----	-----
Tamsulosin hydrochloride	-----	-----
<b>Pharmaceutical Excipients</b>		
Myristyl gamma picolinium chloride	-----	-----

◆ Keyhan Tajhizat Danesh

Designer and manufacturer of pharmaceutical and chemical devices

Name	API/DMF/PMF	Finished Dosage Form/CTD
Pilot reactor glass (1 to 30 L)	Available	-----
Pilot reactor stainless steel (1 to 30 L)	Available	-----
Mini spray dryer	Available	-----
Jet mill /micronizer	Available	-----
Tapped density	Available	-----
Extruder spheronizer	Available	-----
Hot melt extruder	Available	-----
Nutsche filter	Available	-----
Chiller (cooling water circulation device up to -30 °C)	Available	-----
Glove box	Available	-----
Vacuum oven	Available	-----
Franz cell	Available	-----
Spinner flask	Available	-----
Clean zone	Available	-----
Air lift bioreactor	Available	-----
